PLEDGES TO COMMUNIST PARTY CONGRESS COMPLETED -- Rude Pravo, No 113, 14 May 49

As a result of the drive for scrap materials, 44,780,000 kilograms of scrap have been collected in the Czech Provinces. This is 189 percent of the plan, which was computed at one kilogram per head of population per month.

This collection has made it possible to reduce raw material imports. For example, the paper industry derives 20 percent of its raw materials for paper production and 40 percent of its material requirements for cardboard production from scrap paper.

The youth of Prague XIV collected 59,093 kilograms of waste materials in April, including 7,639 kilograms of bones and 38,805 kilograms of paper.

Rude Pravo, No 121, 24 May 49

As of 7 May, 21,474 employees were engaged in socialist competition in the metal industry. As a result, 124,723,503 crowns less were spent than had been planned in the budget. The savings in materials, equipment, and power totaled 106,090,940 crowns. Increased production amounted to 1,010,578,138 crowns. A total of 11,550,612 kilograms of metals and 791,583 kilograms of other materials were collected. In volunteer brigades 69,333 employees of the metal industry worked 811,022 hours.

Pilsen Kraj has far surpassed its quota of pledges. As of 17 May, 2,297.91 tons of raw materials had been collected, fulfilling the quota by 111 percent.
